

City Receives Second Annual “Making Your Dollars Count Award” from the Auditor of the State

The City of Beavercreek has been awarded, for the second consecutive year, the “Making Your Dollars Count” award from the Auditor of State’s office for the fiscal year 2009 audit. Fewer than five percent of all Ohio government agencies are eligible for this award. The criteria for the award include an entity’s commitment to preparing a Comprehensive Annual Financial Report (CAFR), having no findings or issues present in the audit report and no financial concerns involving the City. The award highlights that the City of Beavercreek is a trustworthy guardian of taxpayer dollars and deserves the highest amount of recognition for their vigilance. The 2009 CAFR demonstrates the City’s commitment to careful spending, accurate fiscal recording and efficiency. The City is truly a model for government entities throughout the state of Ohio. These quotes were taken off the award signed by Mary Taylor, Auditor of the State which was presented to the City Manager on December 14, 2010.

“The City has made a significant commitment to providing financially responsible budgets culminating in excellence in reporting these results on an annual basis,” stated Financial Administrative Services Director Bill Kucera. “The City residents should be proud of the City’s commitment to excellence and maintaining these high standards recognized by outside organizations. This Making Your Dollar County Award, along with the City receiving eighteen consecutive years of the Certificate of Achievement for Excellence in Financial Reporting awarded by the Government Finance Officers Association of the United States and Canada (GFOA) for its Comprehensive Annual Financial Report (CAFR) shows the City’s diligence in maintaining excellent stewardship of the resident’s taxes and our continued goal in reporting these results according to the highest government accounting standards now and in the future.”
